Re: **Computer Laboratory**
Date: March 12, 1990

I would like to express my appreciation for your help and leadership in establishing our new computer laboratory. I think you have done a commendable job in helping me and working with your colleagues in establishing this facility. I am most impressed with your ability to deal with the inevitable uncertainties surrounding this new initiative.

Once again, thanks very much; I appreciate the effort you are making. If there are things that need my attention, please don't hesitate to let me know.
