Dear Dick:

I am glad that your obstacles have all been overcome and that you are ready to be ordained to the priesthood. Of course I should like very much to present you and will plan to be there on the evening of June 1. I do hope you will enjoy your work at Cheshire Academy. It sounds like a very interesting place to work. I am also happy to hear about the near completion of your work for the doctorate. You have spent a long time in study and I hope now you may reap the fruits of it all.

Best wishes and congratulations to you.

Sincerely yours,

GOE/emh

George O. Ekwall
