

THE TABOR ACADEMY

# SUMMER PROGRAM

MARION · MASSACHUSETTS

December 16, 1954

JAMES W. WICKENDEN, HEADMASTER  
ALLEN G. VICKERS, DIRECTOR

(Late Summer hurricane)

Dear Mr. and Mrs. Nolan:

You certainly are aware of the difficulties we have had this summer and as to why this letter, a report of Richard's summer with us, has been delayed.

Dick had an excellent summer with us. You are aware of his academic achievement and there are one or two comments from the counsellors that I would like to pass on to you.

It would appear that he had a difficult time to overcome his swimming problem, and the comments indicate slow but very steady progress. The work he accomplished in the craft shop was nothing short of outstanding and I feel that it was head and shoulder above almost anything else made this summer. As a member of the dormitory, he was definitely a big contributor and a steadying influence.

We enjoyed having Dick with us last summer, ~~and~~ I shall <sup>regarding</sup> talk with him and will also be interested in your reaction ~~to~~ the possibility of his being a counsellor at some time in the future. I think he has the right kind of stuff to work with and that he should go a long way.

With best regards for the holiday season, I am

Sincerely yours,

*Allen G. Vickers*  
Allen G. Vickers

Mr. and Mrs. T.M. Nolan, Jr.
